

PRODUCT SPECIFICATION

Antique White Laid (IDP) Permanent

Description

- 90gsm narrow ribbed laid paper with subtle 'antique' white colour.
- High wet strength, alkali resistant and mould proof.
- High quality label paper designed for bottle, jar and can labelling.
- Minimum application temperature: +5°C
- Temperature range: -20°C to +80°C

Aqueous acrylic emulsion adhesive. Due to material stiffness use with care on small diameter applications. Chill grade - ideal for chilled food labelling. Designed for permanent 'wine bottle' labelling including bottles immersed in ice buckets or chillers. Very good heat resistance which enables trouble free performance in different hot fusing print processes. Good adhesion to cardboard and low energy (e.g. plastic bags) surfaces. Good 'all round' permanent adhesive. The adhesive conforms to the EN71-3 (Toy Safety) & Packaging (Essential Requirements) Regulations. No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm. Approved for direct contact on dry and 'moist' non-fatty foods. The adhesive conforms to the EN71-3 (Toy Safety) & Packaging (Essential Requirements) Regulations. No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm.

Laminate Information

Thickness: 216 mic Weight: 191 gsm

Backing

White high density kraft paper with excellent lay flat properties
